

TOWN OF COLEBROOK
CONSERVATION COMMISSION MEETING

January 11, 2022

Members present: Joyce Hemingson, Ed Lestinsky, Linda Bickford, Robbie Lawton

Meeting called to order at 7:03 pm.

Approval of Minutes: Motion to approve minutes from last meeting, November 9, 2021 moved by Joyce, seconded by Ed. Approved by all.

Officer and Committee reports: none

Old Business:

Meeting Schedule: As revised, our bylaws call for CCC meetings to be held on the second Tuesday of January (1/11), April (4/12) , July (7/12) and October (10/11)

New Business:

Cooper Trail: Before the CT Trails Day trail walk we need to have some work done on the trail, where two large trees have fallen near a bridge. Perhaps the Town crew can help with this? There should be a kiosk at the beginning of the trail, to include a map and any additional information. Discuss this project with Jen Perga to find students interested in this?

Pollinator garden: To make progress this year, work on the pollinator garden must begin in April, with digging and planting in June. Joyce will discuss funding with the Selectman. Robbie will discuss this project with Jen Perga, to see if this is something students will be interested in.

Natural Resources Inventory: Given the estimate from Sigrun Gadwa at REMA Ecological Services for \$10,000, we have decided to proceed. We shall accept donations and work with the Town Selectman to find options. This inventory is required by the State, and many other organizations in Colebrook will use it.

2022 Officers

Chair: Joyce Hemingson

Vice Chair: Edna Travis

Secretary: Robbie Lawton

Meeting adjourned at 7:31 pm- moved by Linda, seconded by Ed, approved by all.
