4. **Old Business:**
  - Thank you to all who attended the Annual Appreciation Dinner. There were comments that the food needed improvement and was not hot when served.
  - Engine 1 is completed with Engine light and ladder switch.
  - Officers Meeting update: The meeting went well. We will be drafting an agreement regarding finances and other department matters. The officers approved the Maintenance and Remediation of Toxic Substances on Turnout Gear Plan for the Colebrook Volunteer Fire Department on October 25, 2023.
  - At the vehicle extrication class the Lancer Rescue Tool on Rescue 7 was not staying running. The tool needs to be serviced. There was a discussion regarding purchasing a combination electric tool so we won't run into these problems on a true vehicle accident call.
5. **New Business:**
  - The Annual Live burn is November 14th. Engine 1 will need to be there. All interior members are required to attend and exterior members are strongly encouraged to participate.
  - Discussed on helping provide assistance to George Obrien. A motion was made, seconded and passed unanimously to do so. Any members able to help out on November 16th moving items to his new apartment would be appreciated.
  - The department will be sending a Get Well card to Tom Odell.
  - Will send flowers to the family of Paul Jasmin.
  - If anyone is around on Sunday, November 12, we will be cleaning the SCBA masks (soaked in cleaning solution and laid out to dry). Testing will be completed on November 14th.
