

Colebrook Land Conservancy

"Keeping the Country in Colebrook"

Please join Jay Kaplan for a personal, up-close look at a variety of live snake species (no venomous ones!), their adaptations, habitats, and habits. Unless they are shedding, Bella the Rosy Boa and Monty, the Nature Center's largest Ball Python, will make a special appearance. Jay is the Director Emeritus of Roaring Brook Nature Center in Canton, CT.

SNAKES ALIVE!

Sunday, June 28th

at 4:00 p.m.

Colebrook Town Hall meeting room

Free + Refreshments
